

Dear Friends,

I'm reaching out to you today because as a caring and compassionate member of our FCA family, your support has helped us carry on our mission to protect and strengthen Long Island's most vulnerable children, families, seniors, and communities.

The Coronavirus has presented us all with unexpected challenges, and we know that many individuals are facing uncertainty. FCA has been here to support those in need for over the last 135 years and never once turned our back or closed our doors. And we don't plan on doing so now.

Today, we are asking for your **help during this COVID-19 pandemic in order to keep our programs running and to help our staff continue to be able to provide for our Long Island families, friends and neighbors during these unprecedented times.**

## COVID-19 CLIENT ASSISTANCE PROGRAM

FCA has been serving the Long Island community since 1884, through many difficult and challenging times.

We continue to do so today in ways that limit physical and mental health risks to clients, staff, volunteers and corporate partners. FCA recognizes that in times of crisis, the level of need increases and we are called to step up and man the front lines. We adapt and take on these challenges, continuing to provide the support that our community requires. Please see [here](#) a list of our current program modifications and how we continue to push on.

*Homeless residents at FCA's Walkabout are attending class or working remotely at our facility.*

**DONATE**

We will continue to keep you abreast of updates and news regarding this public health crisis and the impact it is having on our communities. But for now, please take care of those you hold dear.

If I can be of help to you in any way, please let me know. We are in this together.

Sincerely,

Jeff Reynolds  
*President & CEO*
