

FCA Here for Long Island. Here for You.
FAMILY & CHILDREN'S ASSOCIATION

2019 Annual Report is Now Available!

In 2019, FCA provided help and hope to over 37,000 of Long Island's most vulnerable children, seniors, families. We continue to prioritize our region's most emergent challenges, the heroin/opioid crisis, gang violence and our growing population of vulnerable seniors.

In 2020 we'll extend these efforts, working harder than ever before, with kindness, compassion and commitment for changing lives.

Thanks for your support as we continue to make Long Island a better place to live, work and raise a family.

ANNUAL REPORT

Here for Long Island. Here for You.

It's Back to School Time

With the uncertainty of this school year approaching and many back-to-school drives cancelled due to the pandemic, Long Island's low income families and at-risk students are struggling now more than ever.

Your Back to School donation online enables us to purchase back-to-school supplies and supportive services for your neighbors who have been adversely affected by the pandemic.
